

Supporting Local Communities

NEWSLETTER

Working with the community and partners to provide ongoing support to local area.

Defib Coaching for schools, community groups to encourage confidence in case emergency use ever required.

Partnering with The London Ambulance Service to have all our Defibs registered and publically accessible.

Adding to the safety of your community.

Installation and commissioning of defibrillator units, inclusion of trauma bleed kits, etc. All made accessible and available to the public to use in case of emergencies.

We have completed defib coaching sessions for organisations & businesses in both England & Scotland

Supporting Local Communities

We need your help...

We have been successfully fundraising locally for Life Saving Defibrillator installations, but would like to encourage more support from local communities.

Successful Installation locations

Sudbury Chemist

Barrel & Corner Wembley

Sudbury Court Pharmacy

Kingussie Church

Church of Scotland, Kingussie

Byron Hill Road

The Swan Sudbury

West Street

with your generous support more sites are planned...
